PROSPECTUS 2017

THE
UNIVERSITY
OF
BURDWAN

From the Principal's Desk

DR. GOUTAM CHATTERJEE

Welcome Everybody. The vision of the institute is to make the students cognitively sound and ethically strong so as to enable them to carry out the task of building of the nation, while the mission of the institute Universal access of learning irrespective of the caste and creed and among all the strata of the society. The college authority sincerely and honestly care for the very purpose of its existence: expanding the scope of higher education for the weaker sections of the society including students of poor financial background, who are first generation learners, students who are marginalized in the society. The college wants to see that no student is deprived of Higher Education due to financial and other constraints that are prevalent in the society at large. In tune with Higher Education policy we are aiming to contribute to national development through dissemination of specialized knowledge and skills. We believe that if a student is cognitively sound in a particular subject then he can face and solve every aspect of his life which includes the issues of humanity also. Considering the socio-economic status of the locality, we have to compromise with quality to ensure the spread of education among all students irrespective of caste, creed and sex.

(Principal, K.C.College)

About Krishna Chandra College

Krishna Chandra College was established in 1897 in the heart of Hetampur village in the Birbhum district of West Bengal. It is the oldest college of the district to create an atmosphere of learning and pedagogy for the first time in this area. It was founded by Maharani Padma Sundari Devi, wife of Maharaja Ramranjan Chakraborty, in the name of her father-in-law Raja Krishna Chandra. Before the formal start of its functioning, the college got in 1896 the seal of approval from the University of Calcutta to teach the Arts course initially. For about 25 years, the college functioned as an intermediate College. In 1923, it obtained the permission to teach B.A course. In 1956, the college becomes a Government-Sponsored Institution. B. Sc course was introduced in 1958. Since the early sixties, the college began to offer Honours courses, one after another, and now it has 15 Departments in Arts, Science and Commerce streams which is not an insignificant achievement for a college located in rural area. Hence, propounding the idea of an all inclusive and comprehensive notion of education without compromising with the quality remain an important vision of the college since its inception college began to offer Honours courses, one after another, and now it has 15 Departments in Arts, Science and Commerce streams which is not an insignificant achievement for a college located in rural area. Hence, propounding the idea of an all inclusive and comprehensive notion of education without compromising with the quality remain an important vision of the college since its inception.
